

A MULTIDISCIPLINARY APPROACH TO BREAST CANCER

- EVERYTHING WE ALL NEED TO KNOW

11.10 - 11.30 Drug therapy for radiologists -

Dr. T. Zlatanova, ASK Tokuda Hospital, Medical Oncology Clinic **11.30 -**

11.50 Challenges and complications in surgery treatment of lung cancer

-Prof. Ts. Minchev, ASK Hospital Tokuda, Thoracic Surgery

11.50 - 12.00 Discussion

12.00 - 12.30 Coffee break

SESSION 5

ASSESSMENT OF THE EFFECT OF THERAPY

12.30 - 14.00

12.30 - 12.50 Postoperative imaging evaluation. **Assoc. Prof.**

Doykova, UMBHAL Kaspela, Plovdiv

12.50 - 13.10 Tumor response assessment –RECIST through the eyes of the radiologist. **Dr. Ts. Mancheva**, ASK UMHAL Mladost, Clinic for Imaging diagnostics

13.10 - 13.30 Post-therapeutic complications - **Dr. D. Lekova / Dr. T. Nenkina** ASK Tokuda Hospital, Pulmonology and Imaging Clinics diagnostics

13.30 - 13.45 Intrathoracic pressure control in pulmonary - Contrast Booster™ studies - **Santis Medical Solution Ltd.**

13.45 - 14.00 Discussion

14.00 - 15.00 Lunch

Registration fee: **12 EUR /23.47 BGN**

Bank account: **SOPHARMA TRADING AD – DSK BANK EAD**

WITH THE SUPPORT OF BULGARIAN MEDICAL ASSOCIATION

15-16 MAY 2026 SOFIA

A MULTIDISCIPLINARY APPROACH TO BREAST CANCER
- EVERYTHING WE ALL NEED TO KNOW

Dear colleagues,

I am pleased to invite you to participate in the course "Multidisciplinary Approach to Lung Cancer - 2026", which aims to provide a comprehensive understanding of current algorithms in the diagnosis and treatment of lung cancer, emphasizing multidisciplinary collaboration. Participants will learn the importance of screening programs, the 9th edition of the TNM classification, surgical and non-surgical treatment options, as well as the role of imaging diagnostics in assessing the effect of treatment and patterns of pulmonary toxicity. The program is aimed at radiologists, pulmonologists, oncologists, surgeons, radiation therapists and nuclear medicine physicians involved in the treatment of lung cancer. We look forward to seeing you!

Dr. Tatyana Nenkina

Location: Sopharma Business Towers
Event Center – Ground Floor 5
Lachezar Stanchev Street

Izgrev Residential Complex, Sofia

Duration: 2 Days /15.05 – 16.05.2026/
Language: Bulgarian
Information: Coordinator Gergana Suturska
Email: g.suturska@sopharmatrading.bg
Phone: +359 885 388 328

A MULTIDISCIPLINARY APPROACH TO BREAST CANCER
- EVERYTHING WE ALL NEED TO KNOW

PROGRAM
15.05.2026 - Friday

13.30 - 14.00 Registration
14.00 - 14.10 Opening

SESSION 1
LUNG CARCINOMA
14.10 - 15.50

14.10 – 14.30 Epidemiology of lung cancer in the pulmonologist's view -*Dr. A. Simidchiev, pulmonologist*
14.30 – 15.00 Lung carcinoma through the eyes of the pathologist -*Dr. Elitsa Petrova, MD, Medical University of Pleven, Department of Pathology*
15.00 – 15. 20 Lung cancer through the eyes of the radiologist.*Prof. Diana Manolesku -Department of Radiology,Victor BabesUniversity of Medicine and Pharmacy, Timisoara, Romania*
15.20 – 15.40 Screening -*Dr. T. Nenkina, ASK Tokuda Hospital, Clinic Imaging diagnostics*
15.40 – 15.50 Discussion
15.50 – 16.20 Coffee break

SESSION 2
EARLY LUNG CANCER
16.20 - 18.00

16.20 - 16.40 Solitary pulmonary nodule - morphology
Dr. R. Penkova, ASK Tokuda Hospital, Diagnostic Imaging Clinic
16.40 - 17.00 Follow-up of incidentally detected pulmonary nodules -
Prof. Kirova, ASK Tokuda Hospital, Imaging Clinic diagnostics

A MULTIDISCIPLINARY APPROACH TO BREAST CANCER
- EVERYTHING WE ALL NEED TO KNOW

17.00 - 17.20 Novelties in molecular characterization of the lung carcinoma -*Assoc. Prof. Bachurska,ASK Tokuda Hospital, Clinical Pathology*
17.20 - 17.50 The place of nuclear medicine in diagnostics and tracking -
Assoc. Prof. Bochev, ASK UMBAL Mladost, Nuclear Medicine Clinic
17.50 - 18.00 Discussion
18.00 Cocktail:Get together

16.05.2026 - Saturday

SESSION 3
DIAGNOSTICS
08.30 - 9.40

8.30 – 8.50 Bronchoscopy - application and limitations -*Dr. V. Dimitrov, ASK Tokuda Hospital, Pulmonology Clinic*
8.50 - 9.10 Transthoracic biopsies -*Dr. Amalia Constantinescu, Department of Radiology, Victor Babes University of Medicine and Pharmacy, Timisoara, Romania*
9.10 - 9.30 Staging through the eyes of9th revision -*Prof. G. Kirova, ASK Tokuda Hospital, Diagnostic Imaging Clinic*
9.30 - 9.40 Discussion
9.40 -10.10Coffee break

SESSION 4
THERAPY
10.10 - 12.00

10.10 - 10.30 What does the surgeon want to know from the radiologist? Basics concepts in surgical treatment of lung carcinoma -*Dr. Chapkanov, University Hospital Kaspela, Plovdiv*
10.50 - 11.10 Radiotherapy for radiologists -*Dr. Borik Enikov,ASK UMBAL Mladost, Radiotherapy and Radiosurgery*
